## **OUR CUSTOMERS**

Our customers demand the very best and expect us to deliver the highest quality of products and services. We believe the customer is always right and we strive to provide the best possible solutions every single day.

## **OUR PLEDGE**

### **PERFORMANCE ABOVE ALL ELSE**

Tacprogear products are made with the highest quality materials available. Our attention to detail means every product is free from manufacturer's defects, or we will replace it at no charge to you.

## **OUR PRODUCTS**

Tacprogear is a leading manufacturer of tactical, military, law enforcement and outdoors equipment. This includes rugged nylon pockets and pouches, body armor, apparel, footwear, bags and packs, and more. Tacprogear products were created to meet the most rigorous demands of operators around the world. Since 2005, our products have deployed with Private Security Contractors, Law Enforcement, and Military professionals who demand performance above all else. Visit our website or call us for the location of a distributor or dealer near you.

## SPEC-OPS ASSAULT PACK 1 B-SAP1

The entire Spec-Ops Assault pack line features our unique MOLLE Spine™ for attaching carabiners on the outside of your pack.

### MULTICAM®

- Rugged PU coated nylon
- YKK® Zippers
- Durable buckles
- Large main compartment
- Four external side compression straps
- Two zipper pulls on the main compartment for easy access to the inside of the pack
- Compartment for carrying a hydration bladder and an opening on the top of the pack for hydration tube
- Two external accessory pockets
- Smaller secondary compartment on front face
- Compares to a standard 3-Day Pack

Dimensions:  
Main Compartment: 8"D x 14"W x 19"H  
Accessory Pockets: 4"D x 5"W x 12"H

Available In:

BK-Black

CT-Coyote Tan

OD-OD Green

MC-MultiCam®

## SPEC-OPS ASSAULT PACK 2

### B-SAP2

Larger than the SAP1, our mid size SAP2 features two main storage compartments as well as two external pockets designed to provide ready access to items needed quickly.

Designed to carry a heavier load, the SAP2 features a fully adjustable padded waist strap, side cinch straps, and an internal hydration compartment. The shoulder straps were redesigned with an improved roll over air mesh for enhanced moisture wicking.

- Reinforced carry strap
- Removable padded waiststrap
- Covered opening for hydration
- Rollover air mesh shoulder pads
- Removable carry pad
- Compares to a 5-Day Pack

Dimensions:

Main Compartment:

9"D x 14"W x 20"H

Secondary Compartment:

3"D x 12"W x 18"H

Accessory Pockets:

4"D x 5"W x 12"H

## SPEC-OPS ASSAULT PACK 3 B-SAP3

Our largest pack in the SAP line, the SAP3 has massive capacity in the main compartment with internal load cinch straps. The secondary compartment is located between the main compartment and two front pockets, and includes a special ventilated mesh storage pocket. The two front pockets were designed to provide ready access to items needed quickly. Two side storage pockets with MOLLE webbing allow mounting of MOLLE compatible pouches. Features torso height adjustment and adjustable shoulder straps. Compares to Long Range or Extended Range Pack.

**MULTICAM®**

Dimensions:  
Main Compartment: 6"D x 16"W x 22"H  
Secondary Compartment: 3"D x 13"W x 20"H  
Accessory Pockets: 4"D x 6"W x 13"H  
Side Pockets: 2"D x 4"W x 13"H

Available In:

BK-Black

CT-Coyote Tan

OD-OD Green

MC-MultiCam®

## URBAN ASSAULT PACK 1

### B-UAP1

Designed with the business warrior in mind, the UAP offers a variety of added features compared to the MIL SPEC Assault Packs.

- Durable PU coated nylon
- YKK® Zippers
- Laser Cut PALS System
- Removable Para Cord bracelet
- Internal storage pockets
- Side zippered access to padded laptop compartment

Dimensions: 9"D x 14"W x 22"H

## CORE PACK 1 & 2

### B-CORE1 / B-CORE2

Made with a unique high-strength, lightweight fabric, and revolutionary S-Frame contour shape. Crossover design techniques from the outdoor industry combine the best of both worlds in one unique pack. Fully adjustable off-shoulder straps, our ventilated "Cool Flow" back panel, and roll-over air mesh on the shoulder straps offer features never seen in the tactical world. The CORE 1 & 2 offer the same functionality as our SAP 1 & SAP 2, in a lighter design.

- 400D weight with 1000D strength
- YKK® Zippers
- Durable accessories
- Removable carry pad
- Hydration compatible
- Trampoline frame
- Lightweight fabric

**CORE PACK 1**

CORE PACK 1  
Dimensions: 8"D x 11"W x 19"H

CORE PACK 2  
Dimensions: 9"D x 14"W x 20"H

Available In:

BK-Black

CT-Coyote Tan

OD-OD Green

**CORE PACK 2**

# STASH PACK

## B-STSH1

The STASH Pack was originally designed for tier one operators to collect evidence during raids on high value target locations in the Middle East. Rapidly deployed from a packed position, the STASH Pack becomes a small open top ruck style pack.

- 250D Lightweight Nylon
- YKK® Zippers
- Compresses to small size

Dimensions:  
Main Compartment: 8"D x 14"W x 19"H  
External Pockets: 4"D x 5" W x 12"H  
Folded Size: 8"W x 8"H

Trim Available In:

Black / Gray

Black / Coyote Tan

Black / Red

## COVERT GO BAG

### B-CGB1

The Tacprogear Covert Go Bag is a single shoulder strap pack that offers all the functionality of a day pack with some very unique features.

- Dual access to Tacprogear's Universal Pistol Wheel
- Removable accessory pad, which can be used to attach MOLLE compatible pouches
- External MOLLE webbing [available with or without webbing]
- Conceal carry platform that securely holds a handgun with hook and loop closure
- Holds a standard 10" x 12" ballistic plate in the main compartment for added protection

**MULTICAM®**

Dimensions: 5"D x 12"W x 19"H

Available In:

BK-Black

CT-Coyote Tan

OD-OD Green

MC-MultiCam®

## OPERATOR TRAVEL BAG

### B-OTB1

Designed as an alternative to a fanny-pack, the OTB offers a functional yet discreet way to carry a pistol while traveling. The main compartment is large enough to carry a wallet, passports, iPod, documents and other personal effects you want to keep close when on the road. The two side compartments allow quick access to cell phones or spare magazines. Available in Coyote Tan or Black.

- YKK® Zippers
- Durable buckles
- Pistol Wheel

Dimensions: 4"D x 11"W x 14"H

## PRO TRAVEL BAG

### B-PTRV1

The Pro Travel Bag provides users with an alternative to the conventional laptop or messenger bag. Designed with our signature pistol wheel, the rear compartment allows the user to quickly access a covert sidearm. A reinforced, padded laptop bag is removable, allowing the user to quickly withdraw a laptop when processing through security check points. Five internal storage pockets and four external storage pockets make this one of our most versatile travel bags. Available in Black.

Dimensions: 8"D x 11"W x 18"H

## H2O TO GO

### B-H20G1

The Tacprogear H2O TO GO Hydration System is essential when working in the field.

- 100 oz. (3.0 L) bladder
- Hydration tube that can be accessed through the right or left side
- External removable cap for easy filling, cleaning & ice addition
- Front panel includes the unique Tacprogear MOLLE Spine™
- Back panel and shoulder straps built with padded 3D air mesh for added comfort
- Back panel also works as insulation to keep your drink cool
- Bladder not included

Dimensions: 1.5"D x 9.5"W x 18.5"H

Available In:

BK-Black

CT-Coyote Tan

OD-OD Green

MC-MultiCam®

## TACTICAL ROLLING LUGGAGE BAG CARRY ON

### B-TRLB2

- YKK® Zippers
- Durable wheels and an ambidextrous retractable handle
- Handle stored in a zippered compartment
- Three mesh-lined pockets on interior for quick access storage
- Two internal compression straps to secure your gear
- Reinforced edges and bottom sliders
- Reinforced carry handles on all sides
- Tacprogear signature MOLLE Spine™ on the front
- Transparent ID panel with hook and loop closure on the back

Dimensions: 8.5"D x 13.5"W x 21"H

## TACTICAL ROLLING LUGGAGE BAG FULL SIZE

### B-TRLB1

- YKK® Zippers
- Three mesh-lined pockets on interior for quick access storage

The Tacprogear Tactical Rifle Case is a great solution for transporting sporting rifles or carbines of all shapes and sizes.

32" - B-TRC1  
35" - B-TRC2  
40" - B-TRC3

## PERSONAL DEFENSE WEAPON CASE

### B-PDWC1

Whether you are going to the range, on a mission, or hunting, the Tacprogear Personal Defense Weapon Case was designed for smaller, short barrel assault rifles.

- Three external magazine pouches
- Reinforced carry handle
- Durable shoulder strap
- Tacprogear MOLLE Spine™
- External zippered entry pocket
- Adjustable hook and loop retention straps to secure your weapon
- 1/2" foam padded edges for shock absorption

Dimensions: 2"D x 12"W x 35"H

## RAPID LOAD OUT BAG FULL SIZE

### B-RL01

Both of the Tacprogear Rapid Load-Out Bags were designed to be an operator-friendly gear/travel bag. These bags carry all of your essential equipment no matter what the mission is.

- YKK® Zippers
- Unique clamshell opening
- Specially designed opening to maximize access to your gear
- Compression strap to help bear the load and avoid any additional stress on the zipper
- Our unique MOLLE Spine™ design
- Two large external pockets

Dimensions:

Main Space: 11"D x 20"W x 11"H

External Pockets: 2"D x 9"W x 9"H

## RAPID LOAD OUT BAG OVERSIZED

# BLACK

AMERICAN MADE - MISSION SPECIFIC

Tacprogear developed the BLACK line to address a segment of the market that has been ignored by the tactical industry. Recent changes in the domestic armor industry including the consolidation of other brands led to a halt in the development of new and innovative designs that use unique materials. Our response - BLACK! Developed by industry veterans and based upon feedback from end users, the BLACK line boasts many new materials, designs, and solutions never seen before.

Tacprogear built a state of the art ballistic test range for the development and quality verification of the highest performing body armor.

Tacprogear manufactures armor in its new facility in Miami, FL as part of the BLACK line of tactical gear.

## NIJ STANDARD 0101.06 CERTIFICATION LEVEL IIIA SOFT BODY ARMOR

Tacprogear (TPG) is proud to announce NIJ Standard 0101.06 Certification for Threat Level IIIA soft body armor under the TPG and TPG BLACK brands.

NIJ Model designation T-112-IIIa is TPG's first compliant soft armor package manufactured exclusively at TPG's new manufacturing facility in Miami, FL. Also noteworthy is that this model was tested across the complete size range of C1 through C5, which means TPG can deliver armor of any size to the law enforcement, security, and military communities and still remain compliant with NIJ STD 0101.06.

NIJ Threat Level IIIA body armor provides the user the highest level of protection currently available from concealable body armor. NIJ Level IIIA certified TPG and TPG BLACK soft body armor provides at a minimum protection against .357 SIG FMJ FN bullets with nominal masses of 125 gr. impacting at a velocity of 1,470 ft/s and .44 Mag JHP bullets with nominal masses of 240 gr. impacting at a velocity of 1,430 ft/s.

## CITADEL™ SERIES - Hard Armor

A CITADEL™ is a fortress designed to protect its citizens. It is usually the strongest part of the protection system and the last line of defense. Tacprogear proudly offers its own CITADEL™ line of hard armor plates as the strongest part of its personal protection systems. Available in a wide range of material constructions, weights, shapes, and performance levels, the CITADEL™ line of armor is that last line of defense against rifle threats for the first responder, tactical entry personnel, or any other law enforcement professional who is placed in harm's way. Tacprogear is committed to providing "Performance Above All Else®".

# HBAV GRID-HERCULES® Body Armor Vest

BK-HBAV1

Engineered material is a highly-specialized unique waterproof polymer coating applied to an advanced textile fabric specifically designed to enhance physical properties, such as impact resistance abrasion resistance, heat resistance, flame resistance, tear strength, tensile strength, and flame retardation.

- One size fits most
- Designed to hold any one of Tacprogear's new NIJ certified hard armor plates for front and back rifle protection in a variety of shapes, sizes, and material configurations
- Compatible with MOLLE equipment and an array of auxiliary components
- Fully adjustable bungee side straps

All GRID-HERCULES® vests are currently available in Black, Tan, Coyote, and Ranger Green. Custom Water Transfer Camouflage patterns are also available.

# BONZ GRID-HERCULES® Plate Carrier

BK-BONZ1

- Designed to hold two plates in a low profile configuration
- Laser cut MOLLE
- Flame resistant outer shell
- Water, chemical, and abrasion resistant outer shell
- Fully adjustable bungee side straps
- Compatible with MOLLE equipment and an array of auxiliary components
- One size fits most

## GRID-HERCULES® Plate Carrier (HPC)

BK-HPC1

The HPC design is based off the currently fielded Marine Corps Plate Carrier platform, and is available with either FAT approved military fragmentation soft armor inserts or NIJ STD 0101.06 certified level IIIA soft armor inserts. The carrier is compatible with the Marine Corps Chest Rig or the Army TAP. Additionally, the carrier is compatible with a wide array of other tactical accessories including side armor plates, groin protection, and biceps protection.

- Designed to hold any one of Tacprogear's new NIJ certified hard armor plates for front and back rifle protection in the full range of military SAPI-shaped sizes
- Flame resistant outer shell
- Bottom loading plate entry with pull tab for quick doffing of plates in emergency situations
- Water, chemical, and abrasion resistant outer shell
- Compatible with MOLLE equipment and an array of auxiliary components
- Drag handle for emergency extraction
- Comes with Yib-Yab strap for comfort on weapon shouldering
- Available sizes: XS, S, M, L, XL

## Concealable Vest

BK-CV1

- Adjustable shoulders and sides
- Available with or without shirt tails
- Available in Blue, Black and White

## Releasable Body Armor Vest (RBAV)

### BK-RBAV1

The RBAV is a SPEAR/BALCS cut tactical vest protecting the upper torso from multiple ballistic threats (depending on ballistic inserts utilized) designed with the high-speed special operator in mind.

- Ambidextrous quick-release mechanism
- Fully adjustable length and girth for optimal fit
- Compatible with an array of optional components such as bicep protection, groin protection, throat and collar protection
- SPEAR/BALCS cut for comprehensive coverage yet allowing increased range of motion
- Internal plate pockets designed to carry SAPI-shaped or shooter's cut hard armor plates (size dependent)
- Capable of holding soft armor ballistic inserts providing fragmentation and/or hand-gun protection
- PALS webbing on front, back, and cummerbunds of RBAV accommodate limited load bearing capabilities
- Reinforced drag handle
- Improved quick-release access flap and release handle design
- Integrated routing channels for cable management
- Fully adjustable placement of side plate pockets

## Marine Plate Carrier (MPC)

### BK-MPC1

The MPC is a modular vest protecting the upper torso from multiple ballistic threats (depending on ballistic inserts utilized) which can be easily configured to defeat predicted mission threats at a minimum system weight.

- Ambidextrous quick-release mechanism
- Modular construction for easy re-configuring of system depending on mission specific requirements
- Internal plate pockets designed to carry SAPI-shaped or shooter's cut hard armor plates (size dependent)
- Shooter's cut design for high-speed mobility and increased range of motion
- Capable of holding soft armor ballistic inserts providing fragmentation and/or hand-gun protection
- PALS webbing on front, back, and cummerbunds of MPC accommodate limited load bearing capabilities
- Reinforced drag handle on back of MPC
- Integrated routing channels for cable management
- Fully adjustable placement of side plate pockets when cummerbunds used
- Functional Yib-Yab Shoulder Strap used to replace buckle when shouldering weapon

Tacprogear offers a complete line of hard body armor products that meets or exceeds U.S. Military and National Institute of Justice (NIJ) performance standards. Our advantage lies in our ability to offer products that provide protection against a wide array of threats with the need for reduced weight at the greatest value.

## SCOUT A-SCOUT1

The Tacprogear SCOUT is a lightweight, multi-impact, developed with high V50 ballistic performance without sacrificing safety and comfort. Available in UHMWPE.

**OVER 30 DIFFERENT  
NIJ 0101.06 CERTIFIED  
BALLISTIC CONFIGURATIONS  
AVAILABLE**

## PASGT A-PASGT1

The Tacprogear Personal Armor System Ground Troops (PASGT) helmet is lightweight and functional with optimal protection, comfort and insulation for all situations and weather conditions.

## ACH A-ACH1

The Tacprogear Advanced Combat Helmet (ACH) is based on the original US Army design. This helmet is available in standard and lightweight configurations, with increased ballistic protection.

## WATER TRANSFER

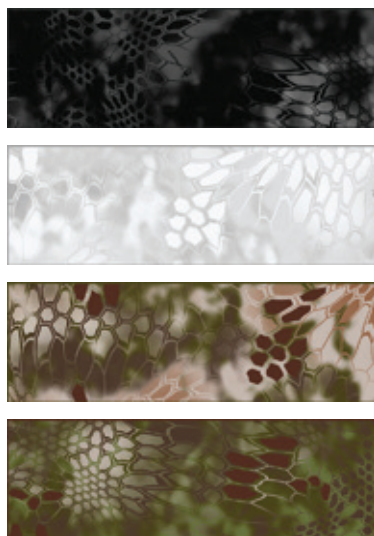

Over 100 water transfer patterns are available, including MultiCam® and Kryptek™.”

## KRYPTEK™

Tacprogear is an official Kryptek™ Outdoor Group partner and offers all of the Kryptek™ camouflage patterns on any BLACK line products.

Tacprogear proudly manufactures armor in Miami, FL.

# TPG

## TACTICAL LUXURY

TPG continues to deliver cutting edge new products across a broad spectrum of markets. In 2015 TPG will deliver limited edition tactical luxury products to those that demand the finest both on and off duty. Expanding tactical craftsmanship to new heights, our designers will push the "Brand of Excellence".

Look for these exciting product releases throughout the year.

## PACKABLE SHOULDER BAG

### L-PSB1

Initially released simultaneously in New York and Japan during the 2014 Editors Summit, this stunning light weight packable bag incorporates both practical organization and compartmentalization for the savvy traveler. Expanding quickly, this luxury packable delivers functionality when carrying a wide variety of "must haves" on the road.

Dimensions: 4.5"D x 18.5"W x 11"H

## EYEWEAR CASE

### L-EWC1

Tactical meets Luxury as TPG delivers simple sophistication to an overlooked but hugely important product. Soft to the touch, classic in design, and highly durable. Push both limits.

Dimensions: 2.25"D x 7"W x 2"H

## ELITE TRAVEL PACK

### L-ETP1

Handsome leather accents cast the spotlight on this traditionally tactical pack offering. Our designers deliver the ultimate style in TPG Tactical Luxury by keeping the pack simple yet elegant.

The pack opens easily introducing the user to a new and exciting organizational insert concept. Three stash cubes and a handled insert are perfect for any circumstance.

- Leather accents
- Includes three stash cubes, handled insert
- Available in Black, Wolf Grey, and Kryptek™ patterns

Dimensions: 9.5"D x 12"W x 20"H
