BORN ON THE BATTLEFIELD

A longstanding ally to the US Military, Gerber understands the importance of trust and the fact that products are often the difference between life and death. Beginning with the famous Mark II combat knife during the Vietnam War era, Gerber has been meeting the unique needs of our men and women in uniform since 1966 and continues to develop solutions for American service personnel deployed

globally. Every soldier in the US Army that deployed to Iraq or Afghanistan in the last 6 years was issued an "MP600" Multiplier and a Gerber Strap Cutter, alongside the highly issued "06 Auto" and many other battle-tested, life-saving, problem-solving gear. Ask an American warfighter if they know Gerber and you'll get a story of reliability, loyalty and trust.

BUILT TO LAST

Gerber stands behind all of its products by offering a limited lifetime warranty. Our tools are made to stand the test of time.

*Unstoppable is a promise to keep going.
One step after the other.*

STEADY, INSISTENT, AN INCH AT A TIME IF NEED BE.

UNSTOPPABLE IS WHATEVER IT TAKES, EVEN IF THAT'S EVERYTHING YOU GOT.

Unstoppable is finding out you have more inside than you thought.

Unstoppable is running on empty.

In this way it's kind of a miracle, literally doing the impossible.

Unstoppable never brags, pounds its chest or spikes the ball.

That's for players, for games.

GAMES have clocks, time-outs, referees.

Games are pretend, and life is what they pretend to be.

Life gives you real trouble.

AND ACHIEVEMENTS IN WHICH YOU TAKE QUIET PRIDE.

NATURE ISN'T ROOTING FOR ANYBODY.

It's indifferent, and that's why you test your spirit there.

Unstoppable doesn't go it alone if it doesn't have to.

IT MARSHALS EVERY RESOURCE; PUTS TO USE EVERYTHING AT HAND.

It's ready for contingencies, snafus and logjams.

FLIPPED KAYAKS.

BEARS AND BLIZZARDS.

ACTS OF GOD.

UNSTOPPABLE IS HAVING THE RIGHT TOOL FOR EVERY PROBLEM.

TOOLS MATTER.

YEARS OF INNOVATION MATTER.

A good tool enlarges your heart, extends your will.

It lets us interact with the world on the deepest level.

STONE, WOOD, FIRE, BLOOD, SNOT.

YOU'RE OUT THERE IN THE WOODS AND SWAMP AND THE SEA.

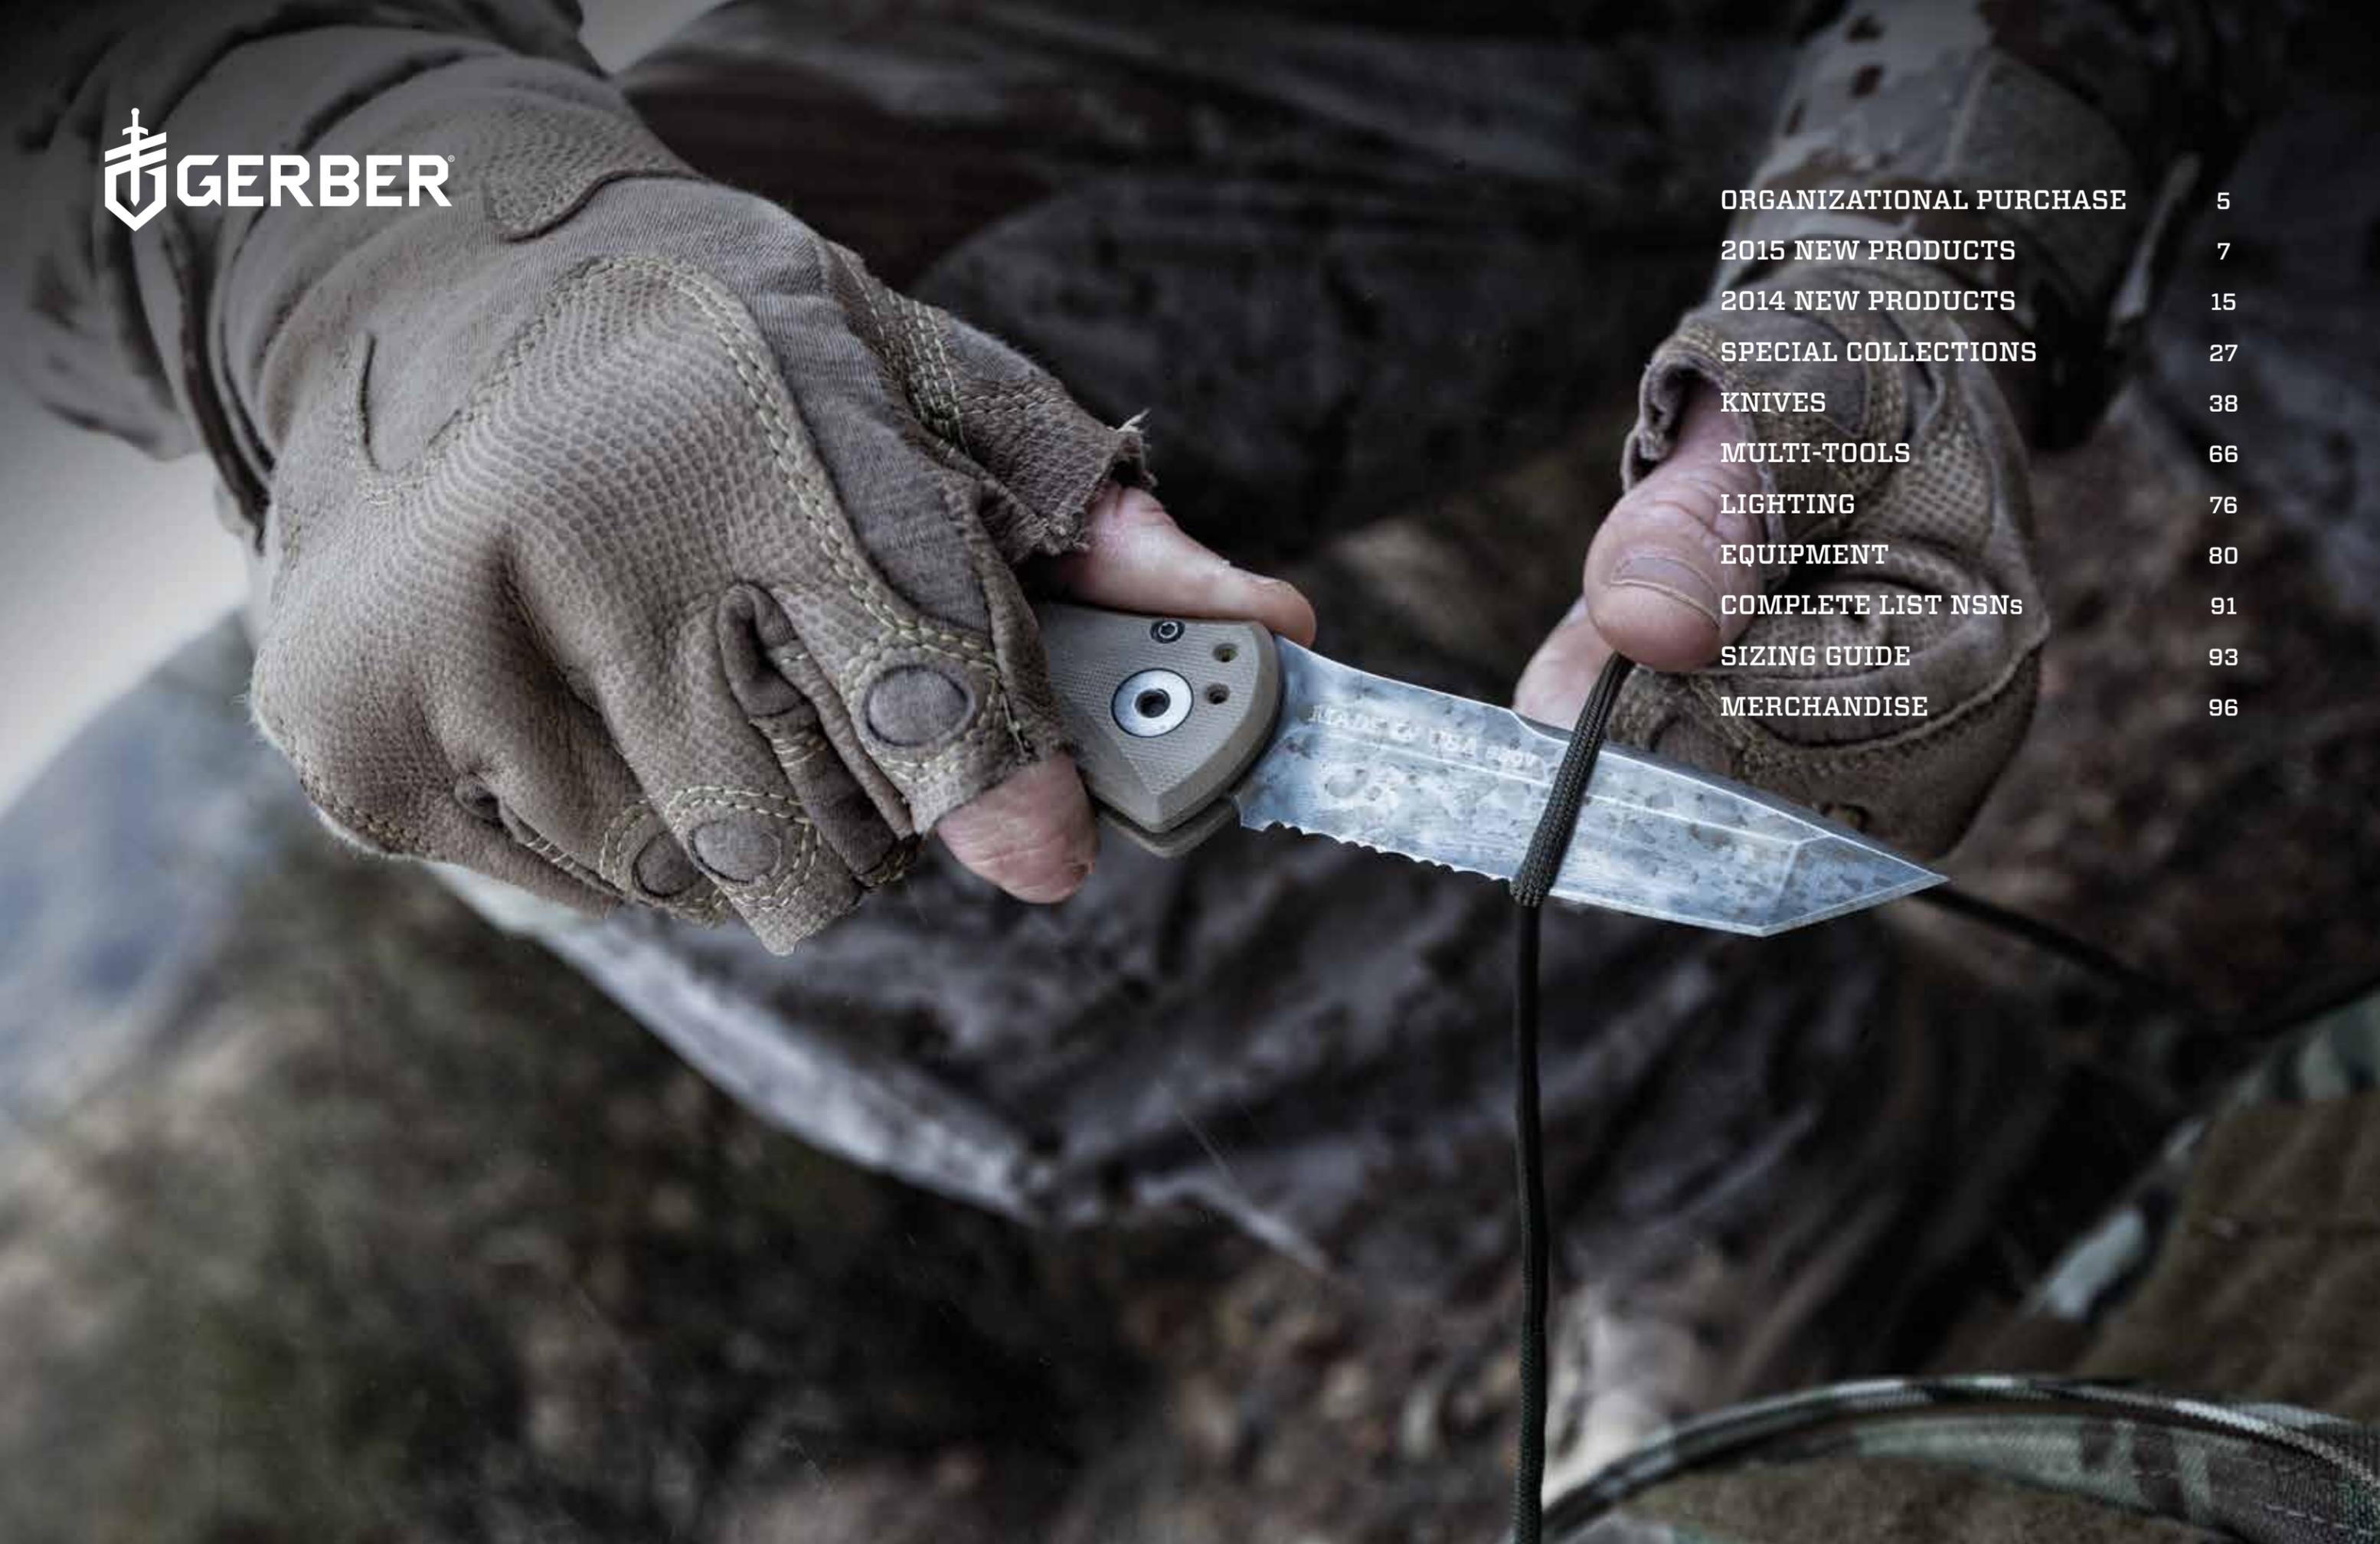

You're out there, in it.

YOU'RE UNSTOPPABLE

Ghostrike™ Series Punch Knife

Ghostrike™ Series Punch Knife

The Ghostrike Series Punch Knife is a skeletonized T-handle fixed blade designed for self-defense applications. The rubberized over-mold grip features a diamond texture, providing superior control in critical situations. Made with 420HC steel, the Ghostrike Punch Knife blade's black ceramic coating offers superior corrosion resistance and minimizes reflective surfaces. Its 2.5" fine edge drop point blade serves to slice and rip with precision.

The Ghostrike Punch Knife includes a glass filled nylon sheath that can be strung around the operator's neck with 550 cord or worn on a standard 1.75" tactical belt. The sheath also features four grommet holes for operators who choose to tie it down to MOLLE gear with 550 cord.

All knives in the Discreet Series can be carried overtly or in a low profile manner. Know your local laws before you decide how you will wear this knife. The Ghostrike Series Punch Knife is proudly made in Portland, OR.

Blade Length: 2.5"
Overall Length: 4.8"
Weight: 3.2 oz

- 2.5" fine edge drop point blade
- 420HC blade steel with ceramic coating
- T-handle
- Rubberized diamond textured handle
- 550 cord for neck-knife carry
- Sheath

Ghostrike™ Series Fixed Blade

The Ghostrike Series Fixed Blade is an ultra-light self defense knife with a sheath system configurable for low profile or open carry. The modular sheath system can be worn horizontally on the belt beneath an un-tucked shirt or vertically on a belt like a traditional fixed blade knife. Simply detach the belt loops from the grommet holes and arrange them as you please.

Made with 420HC steel, the Ghostrike Series Fixed Blade's black ceramic coating offers superior corrosion resistance and minimizes reflective surfaces. Its 3.3 inch fine edge drop point blade serves to slice and rip with precision.

The compact skeletal fixed blade is sized for a subtle presence, and can be worn without making a profile against your outer clothing. The rubber over-mold handle features a diamond texture, allowing for a superior grip in critical situations. Know your local laws before you decide how to carry. The Ghostrike Series Fixed Blade knife is proudly made in Portland, OR.

Blade Length: 3.3"
Overall Length: 6.9"
Weight: 3.6 oz.

- 3.3" fine edge drop point blade

2015 NEW PRODUCTS

Ghostrike™ Series Fixed Blade Deluxe Kit

Blade Length: 3.3"
Overall Length: 6.9"
Weight: 6 oz.

- 3.3" fine edge drop point blade
- 420HC blade steel with ceramic coating
- Rubberized diamond texture grip
- Neoprene ankle wrap
- Lanyard hole
- Sheath

The boot knife has been a vital self-defense instrument for centuries. A blade kept discreetly on the lower leg is essential when the situation goes awry. The Ghostrike Series Fixed Blade Deluxe Kit comes with an ankle-mounted sheath which can be worn with either a boot or low-cut shoe. The sheath mounts to a thin neoprene ankle wrap that sits comfortably on the wearer's leg for hours on end.

Made with 420HC steel, the blade's black ceramic coating offers superior corrosion resistance and minimizes reflective surfaces. Its 3.3" fine edge drop point blade serves to slice and rip with precision.

The compact skeletal fixed blade is sized for a subtle presence and can be worn without making a profile against your outer clothing. The rubberized over-mold handle features a diamond texture grip, allowing a superior grip in critical situations. The kit's sheath also comes with optional belt loops and can be worn vertically or horizontally in an open-carry or low profile manner. Know your local laws before you decide how to carry. Proudly made in Portland, OR.

Ghostrike™ Series Fixed Blade

Ghostrike™ Series Fixed Blade Deluxe Kit

MP1-AR™ Weapons Multi-Tool

Blade Length: 2.75"
Overall Length: 7.3"
Closed Length: 4.3"
Weight: 9.7 oz

- Spring loaded, forged needlenose pliers
- Wire cutter, wire stripper
- Full size serrated & fine edge blades
- Takedown pin punch
- Carbon scraper
- Dental style carbon pick
- Magnetic bit driver with 12 piece bit set
- MOLLE compatible, Berry compliant sheath

Gerber's eFFECT was the world's first military-grade multi-tool designed specifically for the AR-15 / M4 / M16 weapon system. The MP1-AR is the next evolution; a full-size multi-tool featuring implements needed for cleaning and maintaining the weapon system, along with vital everyday tools for the field.

The MP1-AR features a pin punch for take-down pins, a contoured carbon scraper for cleaning the bolt and inside the bolt carrier, and a dental style carbon pick for cleaning the bolt's ejector area and other hard-to-reach parts of the weapon. The MP1-AR features a magnetic bit driver which accepts standard sized bits and is accompanied by a bit set that includes flathead, Phillips, hex and Torx bits commonly needed for adjusting optics and accessories. The bit set also includes a front sight adjustment tool for iron sights and a pin punch for trigger assemblies. Also found on the tool are full-size serrated and fine edge blades, and spring loaded jaws made of forged steel, providing the ultimate in jaw strength. The MP1-AR also includes a MOLLE compatible coyote nylon sheath. Proudly built in Portland, OR.

A Gerber MP 600 that not only does everything your other MPs do, it can go anywhere, thanks to being built for compliance with "No Knife" policies. It's part of a series of one-hand opening Gerber multi-tools used heavily by the US military. Carrying a Gerber MP 600 gives you maximum flexibility in addressing life's daily problems, and the MP 600 Bladeless means you can do so even in limiting circumstances.

Designed expressly for the unique needs of industrial facilities, hospitals, and other similar institutions that limit the kinds of items people carry on their bodies, this do-it-all tool helps ensure safety in the workplace, while still giving you the benefit of this industrial-strength MP's muscular multitude of tools.

Constructed of tough stainless steel, the MP 600 Bladeless's array of heavy duty tools gives you the capacity to work through a wealth of tasks without complaint. This do-it-all multi-tool works for you in negotiating obstacles regardless of location. Proudly built in Portland, OR.

MP 600™ Bladeless

Overall Length: 9.3"
Closed Length: 5.1"
Weight: 9 oz.

- Travel friendly tool
- Complies with "no knife" policy in workplace
- One-hand opening
- Ruler, file & scissors
- 3 size Flathead drivers
- Phillips driver
- Bottle & can openers
- Rotatable, replaceable carbide cutters
- Replaceable RemGrit saw
- MOLLE compatible, Berry compliant sheath

MP1-MRO™ Multi-Tool

Blade Length: 2.75"
Overall Length: 7.25"
Closed Length: 4.25"
Weight: 9.7 oz.

- Spring loaded, forged needlenose pliers
- Magnetic bit driver with bit set
- Full size serrated & fine edge blades
- Cotter pin hook
- File with tire tread gauge
- Utility blade
- Pry bar with bottle opener
- MOLLE compatible, Berry compliant sheath

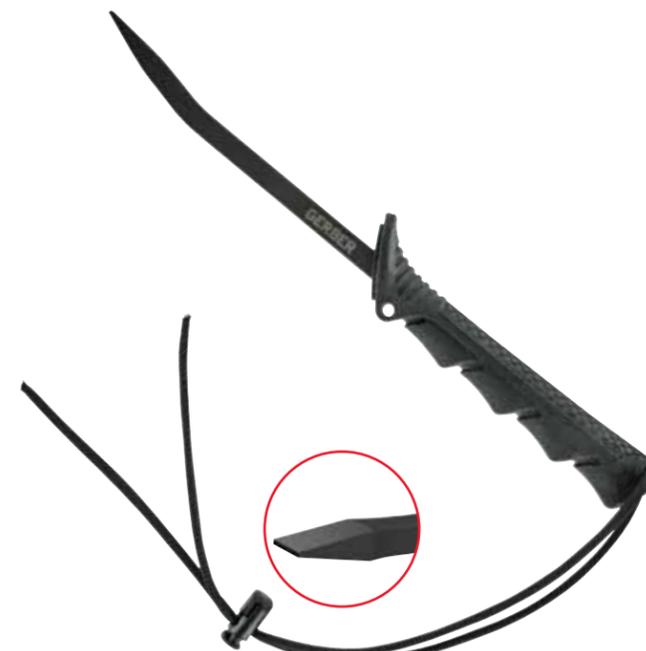

Maintenance, Repairs and Operation: we built the new MP1 MRO Multi-Tool for these explicit uses. This heavy duty tool's forged jaws can withstand rigorous torque and compression. It contains full-sized serrated and fine edge blades for tough cutting and slicing duty. The cotter pin hook allows users to pull cotter pins from vehicles without having to use pliers. The magnetic bit driver accepts standard size bits. The file, pry bar, bottle opener, and utility blade all provide unique functionality for this purpose-built tool.

The MP1 Military MRO Multi-Tool comes with a MOLLE compatible Tan 499 nylon sheath and a 12-piece bit set. This tool is proudly built in Portland, OR.

Not all breaching operations are planned. Whether conducting an emergency vehicle search, pursuing a suspect through a locked interior door, or opening a window for a sniping position, a small, compact prying instrument easily carried in your kit is something needed by most tactical professionals.

Gerber's Mini Pry Bar is a simple, purpose-driven instrument designed for such unplanned occasions. The forged steel pry bar is indestructible and can stand up to heavy duty doors. With its glass-filled nylon and ergonomic grip, the Mini Pry Bar's handle is designed to protect your fingers from slipping and slamming into unforgiving surfaces. The handle is also insulated for up to 1,000 volts should the tool come into contact with booby traps or house power lines.

The Mini Pry Bar is sized to slip into three lengths of MOLLE straps so operators can keep it chest-mounted. It also includes a paracord leash for additional retention. The Mini Pry Bar is proudly built in Portland, OR.

Mini Pry Bar™

Overall Length: 11.1"
Weight: 7.4 oz.

- Forged steel pry bar
- Black oxide coating for corrosion resistance
- Insulated glass-filled nylon handle
- Handle insulated up to 1000 volts
- Two lanyard holes (finger guard and pommel)
- Paracord leash

2015 NEW PRODUCTS

StrongArm™ Fixed Blade

Gerber has been making survival knives for the US Military since 1968. The StrongArm Fixed Blade carries on our legacy of tough-as-hell fixed blade knives for combat and survival applications. Featuring a fine edge, full tang 420HC blade with black ceramic coating, the knife was designed around the fundamentals of military survival training. Obtain a solid grip on this knife in all conditions with its diamond texture rubberized handle.

The StrongArm's modular sheath system is as important as the knife itself. With the sheath's snap-together components, the operator can mount the knife vertically on MOLLE, horizontally on a standard 1.75" tactical belt, or in a traditional drop-leg belt mount fashion. The StrongArm Fixed Blade is proudly built in Portland, OR.

Blade Length: 4.8"
Overall Length: 9.8"
Weight: 10.9 oz

- Full tang 420HC steel blade
- Ceramic blade coating
- Rubberized diamond texture grip
- Striking pommel
- Webbing for drop-leg carry and secondary retention
- Detachable belt hoops for horizontal carry
- Snap in MOLLE clip

Decree™

Blade Length: 3.7"
Open Length: 8.7"
Closed Length: 5.1"
Weight: 4.8 oz

- 3.7" modified tanto blade
- S30V blade steel with ceramic coating
- Thumb studs
- Finger-flip tab
- Liner lock
- Rubberized diamond textured handle
- Tempered steel glass breaker
- Lanyard hole

Four decades of designing tactical knives have given Gerber a wealth of knowledge regarding operators and their needs. The Decree ties all of these lessons into a tight, effective package. The Decree features a premium S30V steel modified tanto blade. The tanto point provides superior piercing ability while the rounded bottom edge allows users to sharpen the blade while maintaining the knife's geometry.

Thumb studs and a finger flip tab allow the operator to rapidly deploy the Decree. The blade's black ceramic coating provides superior corrosion resistance and minimizes reflective surfaces. Partial serrations offer additional cutting power, and the tempered steel glass breaker in the pommel allows the operator to use the knife in rescue applications. Featuring a glass-filled nylon handle, the Decree's rubberized diamond texture provides a secure grip in all weather conditions. The Decree is proudly made in Portland, OR.

Edict™

Edict™

Blade Length: 3.6"
Open Length: 8.5"
Closed Length: 4.9"
Weight: 3.6 oz

- 3.6" fine-edge tanto blade
- 154CM blade steel with ceramic coating
- Thumb studs
- Rubberized diamond textured handle
- Lanyard hole

The Edict continues Gerber's history of American-made tactical knives designed to be used by soldiers and police officers. This knife has a full size tanto-style blade with a fine edge and no serrations, allowing for maximum piercing and slicing capabilities. The Edict Folding Clip Knife is proudly made in Portland, OR.

The Edict's blade is made of premium 154CM steel for excellent edge retention and features a black ceramic coating which maximizes corrosion resistance while minimizing reflective surfaces. Thumb studs allow for quick one-handed blade deployment, and the knife's lock back closing mechanism provides structural integrity in heavy-duty applications. The glass-filled nylon handle is built with a large palm swell, a finger guard for heavy-duty work, and a rubberized diamond texture for a secure grip in all weather conditions.

On the battlefield, a knife is as much a tool as it is a weapon. The Order continues Gerber's history of American-made tactical knives designed to be used by soldiers and police officers for cutting, prying, digging, and fighting. The Order Folding Clip Knife is proudly made in Portland, OR.

The Order features a 420HC blade with a black ceramic coating which protects against corrosion and minimizes reflective surfaces. The handles are made of glass-filled nylon and over-molded with a rubberized diamond texture, providing a secure grip in all weather conditions. The thumb hole in the Order's blade allows for easy one-handed opening and the lock back mechanism provides structural integrity for heavy-duty work.

Blade Length: 3.1"
Open Length: 7.6"
Closed Length: 4.5"
Weight: 2.6 oz.

- Partially-serrated blade with thumb hole
- 420HC blade steel with ceramic coating
- Lock back opening/closing mechanism
- Rubberized diamond texture handle
- Pocket clip
- Lanyard hole

Cortex™ Compact Flashlight

Overall length: 3.6 - 4.0"
Weight: 2.1 oz.
Batteries: [1] Lithium CR123 or [1] AA battery
Lumens: 175 on high
Runtime: 2 hrs on high

- High, Low and Strobe modes
- Pocket Clip
- Water Resistant
- Tailcap Switch
- Black Anodized Body

The Cortex™ Compact Flashlight is a discreet, every day carry light designed for tactical professionals. Running on a single Lithium CR123 or AA battery, the Cortex Compact allows the user to utilize whatever power source is available. The Cortex Compact provides 175 lumens of output, enough to momentarily blind an aggressor's night-adapted vision, and also provides a low-output and strobe mode. Proudly built in Portland, Oregon.

Cortex™ Flashlight

Overall length: 6.2"
Weight: 4.8 oz.
Batteries: [3] Lithium CR123 or [2] AA batteries
Lumens: 675 on high
Runtime: 1.5 hrs on high

- High, low and strobe modes
- Pocket clip
- Water resistant
- Tailcap switch
- Black anodized body

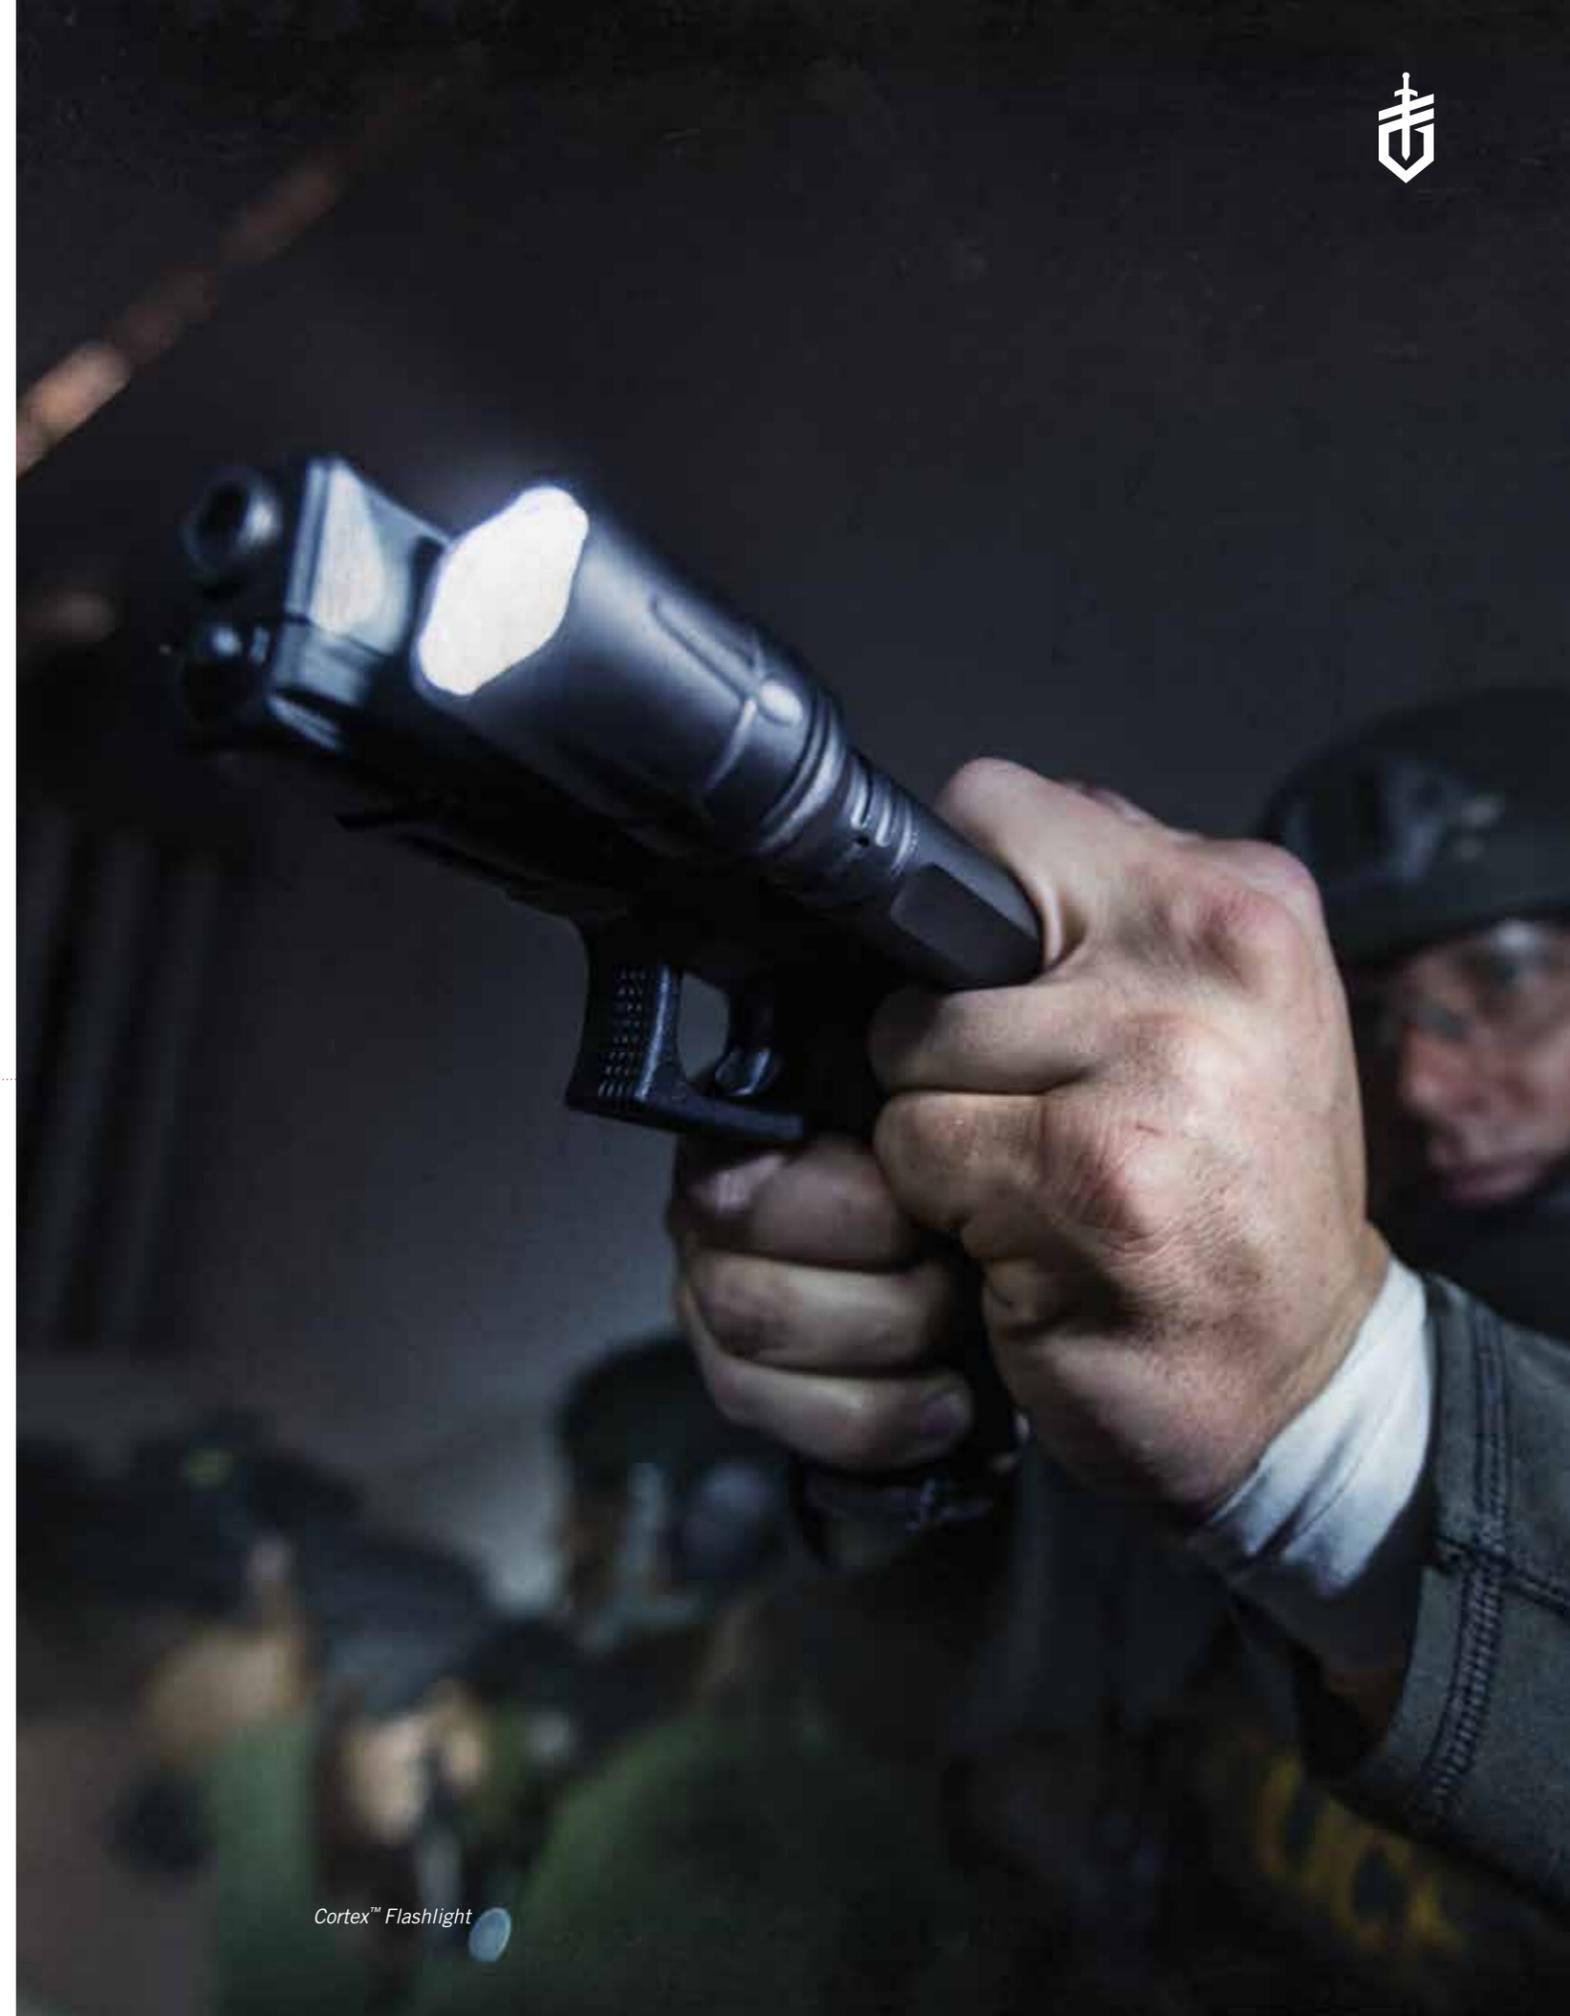

Adaptability is critical for the modern day tactical professional. The Cortex Flashlight is built with adaptability in mind. Running on either three [3] Lithium CR123 or two [2] AA batteries, the Cortex can run on whatever power source is available. With a maximum output level of 675 lumens, the Cortex provides an overwhelming level of light. The Cortex also provides a strobe mode for tactical applications and a low output mode for administration duties.

Cortex™ Flashlight

Ding Dong™

Overall length: 27.0"
Weight: 12.25 lb.

- Forged and machined head
- Forged pry bar end
- Molded fiberglass handle
- MOLLE compatible carrying system with quick-release strap

A sledgehammer. A battering ram. A pry bar. All three are essential breaching tools for operators who need to get through doors quickly. The Ding Dong combines these three tools into one tight package. The enlarged hammer head features machined cross-hatching that effectively bites into doors and other surfaces as you smash into them, minimizing slip and maximizing impact. The enlarged pry bar at the end of the handle is perfect for wedging into door frames. The Ding Dong's fiberglass handle features two molded rings equally spaced to create mechanical stops for the operator's hands, ensuring a solid grip when swinging at or ramming objects. The Ding Dong comes with a unique mounting system – a fiberglass plate that mounts to MOLLE gear. Proudly built in Portland, Oregon.

Military Box: 30-000790 0-13658-13619-9

Downrange Tomahawk™

Overall length: 19.3"
Weight without sheath: 1.9 lb.
Weight with sheath: 2.3 lb.

- Axe head with integrated prying
- Hammer head
- Pry bar
- Desert Tan G-10 handle
- Cerakote™
- MOLLE compatible sheath

The Downrange Tomahawk is a modern take on an ancient instrument of war – specifically designed to accomplish three breaching tasks. The axe head cuts through walls and rope while the hammer head is the perfect size for smashing through obstacles like hinges, door knobs and locking devices. A hefty pry at the end of the tool can be employed confidently with a cutaway handle in the axe head – this allows the user to maximize leverage during the breach. Desert Tan G-10 scales mount the 420HC steel with Cerakote™ to provide maximum grip regardless of environment. The Downrange Tomahawk is an indestructible instrument of destruction.

Military Box: 30-000715 0-13658-13453-9

Downrange Tomahawk™

Impromptu™ Tactical Pen

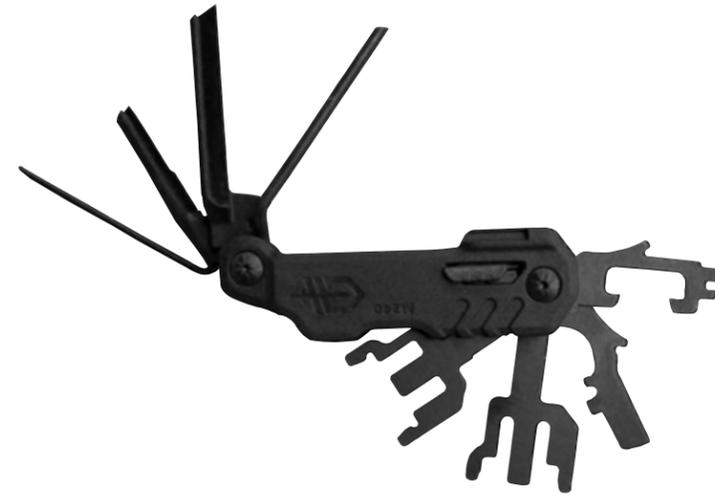

Closed length: 5.0"
Overall length: 5.6"
Weight: 1.0 oz.

- Stainless pocket clip
- "Rite in the Rain" ink cartridge works in all conditions
- Rugged, machined steel body with Cerakote™
- Integrated glass-breaker tip features tempered steel
- Reliable push-button mechanism deploys ball point pen

Danger has a way of presenting itself when you least expect it. That's why Gerber, in collaboration with law enforcement professionals, developed the Impromptu Tactical Pen. Sure, it's a pen and it'll serve to take notes like a good pen should, but it's not your average writing implement. Made from machined steel with tempered window-shattering tip design, the Impromptu Tactical Pen can be used to break a windshield or defend yourself from an unexpected attack.

CSW Tool™ [Crew Served Weapon]

The CSW Tool is the answer to battlefield maintenance and cleaning for two of the Army's most fielded automatic weapons' systems - The M249 Squad Automatic Weapon and M240 Crew Served Weapon. Lightweight, compact and durable, the tool can accomplish over 13 essential actions across both platforms. The CSW Tool is provided with a MOLLE Compatible Nylon Sheath

Overall Length: 3.75" x 1.3" x .96"
Weight: 4.5 oz.

M249 FEATURES

- Gas Block: Removal Tool; Barrel Scraper; Shoulder Scraper; Inner Groove Scraper; Outer Groove Scraper
- Piston: Inner Cup Scraper
- Piston: Outer Groove Scraper
- Gas Tube: Inner Groove Scraper

M240 FEATURES

- Gas Block: Barrel Scraper; Shoulder Scraper; Outer Groove Scraper; Port punch
- Piston: Scraper
- MOLLE compatible, Berry compliant sheath

Impromptu™ Tactical Pen

Prodigy™ Coyote

The slightly smaller but not-a-bit less tough Prodigy packs as much punch as its predecessor, the award winning LMF II. Coyote Tan, light weight and a noise dampened, MOLLE compatible sheath make this knife Light Infantry's best friend. The full tang, 420HC stainless steel blade is beefy, and coated with black oxide for corrosion resistance and reduced visual signature. The ergonomic over-molded rubber handle ensures a sticky, comfortable grip in all conditions. The sheath is designed to take a beating and retain the knife even on G-force impact.

Blade length: 4.75"
Overall length: 9.75"
Weight: 4.8 oz.

- TacHide™ handle
- Coyote Tan handle
- Leg strap
- Spike pommel
- Lanyard hole
- MOLLE compatible, Berry compliant sheath

Propel™ AO [Assisted Open]

Blade length: 3.5"
Blade steel: 420HC
Overall length: 8.5"
Weight: 4.3 oz.

Gerber designed the Propel series of knives to be stealth, fast and easy to carry. The Propel AO features Gerber's Assisted Opening 2.0 technology, allowing the operator to quickly deploy the blade in combat. The tanto style 420HC steel blade is black oxide coated for corrosion resistance and minimizing reflective surfaces. The slender body and multi-position pocket clip allow users to carry the Propel AO however they see fit.

- Tanto tip, partially serrated blade
- Black oxide coating
- Black G-10 handle
- Pommel with lanyard hole
- Assisted Opening 2.0 Mechanism
- Plunge lock
- Three-position pocket clip

Propel™ AO

Propel™ Downrange AO [Assisted Open]

Blade length: 3.5"
Blade steel: S30V
Overall length: 8.5"
Weight: 4.3 oz.

A good tactical knife needs to be a problem solver. Gerber drew on the experience of U.S. military personnel and its own expertise crafting technical knives and tools to develop the Propel Downrange AO knife. The result is a tactical folder with assisted opening and a full-size blade that's as easy to handle and carry as it is durable and capable in the line of duty.

- Tanto tip, partially serrated blade
- Black oxide coating
- Desert tan G-10 handle
- Pommel with lanyard hole
- Assisted Opening 2.0 Mechanism
- Plunge lock
- Three-position pocket clip

Military Box:	30-000841	0-13658-13790-5

2014 NEW PRODUCTS

Propel™ Downrange Auto

Robust and just the right size, the Propel Downrange Auto is another military-grade addition to Gerber's acclaimed line of Automatic knives. Desert Tan G-10 handles provide a confident grip around the ergonomic body and a multi-position pocket clip allows the operator to carry it wherever and however they see fit. The tanto-tip, S30V steel blade is black oxide coated for corrosion resistance and a low visual profile.

Blade length: 3.5"
Blade steel: S30V
Overall length: 8.5"
Weight: 4.8 oz.

- Tanto tip, partially serrated blade
- Black oxide coating
- Desert tan G-10 handle
- Pommel with lanyard hole
- Automatic opening
- Plunge lock and Safety Switch
- Three-position pocket clip

River Shorty™

There's nothing quite like our water-borne war fighters, and there's no knife quite like the Gerber River Shorty.

Just the right size, its Medium-carbon stainless steel blade is the core, highly polished to limit corrosion from salt water. The blade is 3 inches of durable versatility, with the serrated sharp side aiming up rather than down.

The sheath is constructed of a hard plastic, which is perfect in the wet world. It can receive the knife in either direction and be worn on the belt, in a boot, or attached to a vest.

Blade length: 3.0"
Blade steel: High Carbon Stainless
Overall length: 6.7"
Weight: 4 oz.

- Glass-filled nylon handle
- Molded plastic sheath
- Blunt tip

Still Serving

Honor. Duty. Country.
To protect and defend.
Times change.
Commitments don't.

Over the last decade millions of Americans have served our country. Gerber has dedicated itself to these men and women by developing mission-essential, life saving gear for the battlefield. Today, that commitment is sustained developing new iconic tactical tools, rooted in experience, for those who continue to serve - in the military, in the community, or as ambassadors to the greater good. #StillServing
