BORN ON THE BATTLEFIELD. PROVEN ON THE TRACK. **READY FOR WORK.**

DRIFIRE®'s High Performance FR was created to withstand, protect and perform in the most challenging situations, starting with the military, and expanding into industrial and racing. Now our full line of FR works hard for some of the world's most hard-working industries, including oil, gas and utilities. From the battlefield to your field, you can count on DRIFIRE. **FOR SAFETY. FOR COMFORT. FOR LIFE.**

THE DRIFIRE DIFFERENCE

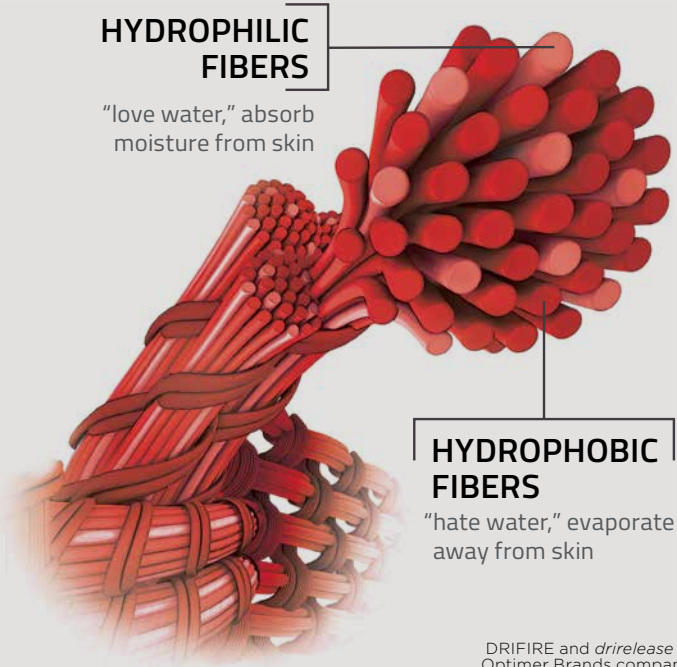

ADVANCED WICKING TECHNOLOGY USED BY THE WORLD'S TOP ATHLETIC BRANDS

DRIFIRE is the only full line of FR garments to use *drirelease*® - a patented single-yarn fabric that absorbs moisture, pulls it away from your skin, and dries **4x faster than cotton** to better regulate skin temperature. It neutralizes odor to keep you fresher longer.

2X
MORE DURABLE
THAN OTHER FR

4X
FASTER DRYING
THAN COTTON

INHERENT FR IS MORE EFFECTIVE FR

Every DRIFIRE garment offers inherent, permanent, no-melt, no-drip flame resistance. Our clothing won't melt or drip when exposed to flame, meaning it will not fuse to your skin or cause injuries that are far more severe than burns.

Plus, flame resistant fibers used in DRIFIRE garments are self-extinguishing, ensuring that your exposure to flame or fire is minimized once you're out of the danger zone.

	SELF EXTINGUISHING
	NO DRIP FLAME RESISTANCE
	INHERENT FR WON'T WASH OUT

FOR STRENGTH.

CLOTHING THAT ADAPTS TO
EVER-CHANGING CONDITIONS

Tough jobs deserve the toughest FR clothing, so you can keep an unrelenting focus on your mission. With a full line of FR military apparel for Army, Navy, Air Force, Marine Corps, Coast Guard, Special Ops, International, plus domestic Law Enforcement here at home, DRIFIRE delivers. **FOR LIFE.**

POWERFUL PROTECTIVE PERFORMANCE

We added the performance of *drirelease*® and the protection of DuPont™ Nomex® to the built-in flame resistance and comfort of DRIFIRE. FORTREX™ was the result - a strong but lightweight fabric blend that minimizes heat build-up, and offers proven durability and static protection. Meets NIR requirements.

FORTREX™

COMBAT SHIRT + PANTS

- Made with DRIFIRE's proprietary FORTREX fabric
- Integrated, removable impact-resistant D3O kneepad system
- Comfort mesh torso fabric
- Patented *drirelease*® fiber blend for superior moisture management, comfort and odor control

INTRODUCING NEXT LEVEL BASELAYERS

DRIFIRE PRIME™

It's all about movement. New **DRIFIRE Prime™** brings an improved design that lets the fabric stretch even more, so your baselayer garments give you maximum flexibility, comfort and confidence.

- Stretch fabric to increase mobility and range of motion
- Lightweight 5.3 oz. fabric with super soft feel
- Offset, flat-locked seams for no-rub comfort
- Dropped flat-locked shoulder seams
- SIZES: S-3XL

COMFORT MEETS SUPERIOR PROTECTION

BASELAYERS

What you wear underneath counts. Wear DRIFIRE baselayers alone or pair them with an outer layer to help wick away moisture. They neutralize odor to keep you fresher longer.

SAME VISION. NEW IDEAS.

NEW TECHNOLOGIES

In Fall 2014, we were excited to launch the all-new DRIFIRE 4.4.™ Our lightest dual hazard fabric combines the ultimate in FR protection with our *drirelease*® advanced wicking technology. It's a game changer for the hardest working industries.

NEW MARKETS

In addition to Industrial and Military + Government, we're revolutionizing Racing, too. DRIFIRE and Oakley created an inherent FR and SFI- and FIA-approved baselayer product line that provides performance and protection on the track. Meet compressor FR at its finest.

NEW PRODUCTS

At DRIFIRE, we never stop innovating and expanding to find new and better ways to support our customers in every market. DRIFIRE Prime™, with a new and improved design for stretch fabric, is just the latest. Look for more in 2015 and beyond.

DRIFIRE'S VISION

IS TO BECOME THE GLOBAL BRAND LEADER IN CREATING INNOVATIVE TEXTILE + APPAREL SOLUTIONS WHICH OPTIMIZE HUMAN ACHIEVEMENT.

Sounds lofty? Well, it is, and we're proud of it. Dedicated to ongoing innovation in flame resistant fabrics and garments, DRIFIRE also provides the ultimate combination of moisture wicking technology and comfort. Our customers do the toughest work in the world, in military, industrial and other dangerous endeavors, and our apparel provides them potentially life-saving layers of protection. We are passionate about what we do, and honored to serve the nation's heroes. **FOR LIFE.**

(Sleeve Length from Neck Seam to End of Cuff)

For waist sizes close to maximum expanded width, it is recommended to move to next size up for better comfort and fit.
