SAFE QUICK STRONG SMART™

## INDUSTRY LEADING INNOVATORS

At **GunVault®**, we work every day to ensure your gun stays right where it needs to be—out of the hands of unauthorized users, and within range when danger demands it. As the industry's leading innovator since 1990, we deliver a full line of quick-access safes that have been tried, tested and proven to keep firearms and valuables secure. When there's a lot on the line, you can trust in **GunVault®**.

### [ CELEBRATING OUR 25<sup>TH</sup> ANNIVERSARY ]

For the last 25 years, **GunVault®** has been the industry leader and innovator in developing quick access gun safes and other security solutions for firearms and personal valuables. **GunVault®** provides the latest design and technology in the industry with unique and patented features that set us apart from the competition.

With all of our products, **GunVault®** is committed to keeping your firearms and personal valuables secure, which is why we stand by our motto, "SAFE, QUICK, STRONG, SMART™."

# SAFE

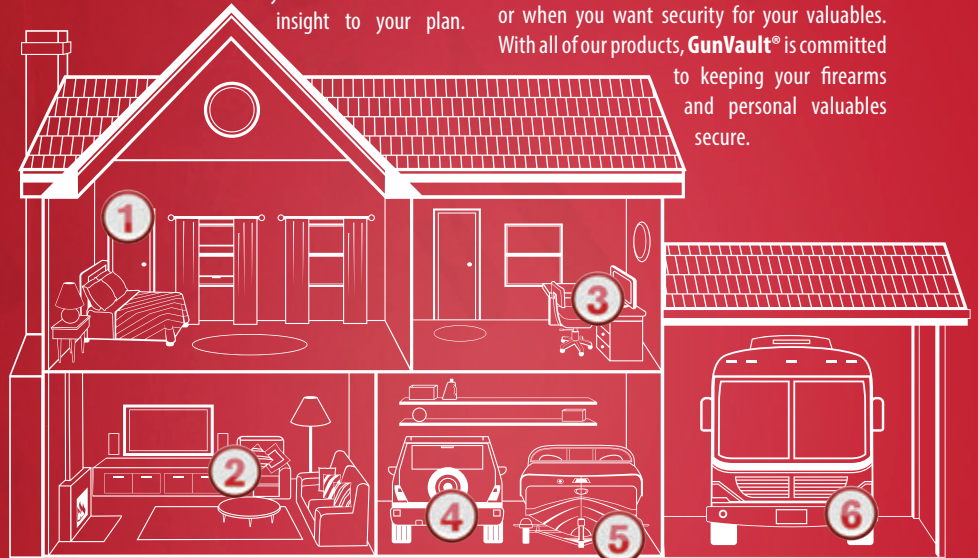

## A BETTER PLAN TO DEFEND YOUR PROPERTY

**GunVault®** products are engineered to fit any situation. No matter where your time is spent, there's a **GunVault®** to protect the things that matter. Create a custom plan for your lifestyle, and make sure your valuables are always secure. Security tips are provided throughout the catalog, so you can add some extra insight to your plan.

**GunVault®** safes are truly premium security products that set the standard for the rest of the industry.

**GunVault®** provides a wide range of gun safes including pistol safes, home safes and car safes. Choose the digital or Bio safe when you need quick-access storage for your handgun or when you want security for your valuables. With all of our products, **GunVault®** is committed to keeping your firearms and personal valuables secure.

**TacVault®**  
in closet for  
quick access

**DrawerVault®**  
out of sight  
in TV console

**SpeedVault®**  
mounted under  
desk for quick access

**MicroVault®**  
secures computer  
data in briefcase

**NanoVault®**  
secures wallet and  
phone while boating

**MultiVault®**  
in RV secures  
valuables and cash for travel

### NO RUST IN YOUR SAFE!!!

Most **GunVault®** models include **Zerust®**, the ultimate solution to protect metal from harmful rust and corrosion.

# QUICK

THE RIGHT OPTION FOR ACCESS RIGHT NOW

**GunVault®** models offer four ways to access your valuables, so you can choose an option that puts your mind and your budget at ease. Our patented **No-Eyes® Keypad** is included on most models, allowing you to find the combination in the dark. Most models come with a key, which can be used as a backup. Traditional combination locks offer great security, but they often require more time to open.

Biometric locks can be an ideal solution for ensuring total security while preserving quick access.

**GunVault®** carries a selection of biometric firearm and personal valuables safes in a range of sizes to meet your security needs. When it comes to protecting your weapons and other valuables, **GunVault®** has you covered.

## **NO-EYES® KEYPAD FOR DIGITAL AND BIOMETRIC MODELS**

*Choosing a safe with quick access to protect valuables or store a firearm is one facet of prioritizing the safety of you and your family, that's why our patented No-Eyes® Keypad and Bio pad provide lightning-quick access, even in the dark, opening your safe to armed in 1 second.*

**Biometric Fingerprint Technology**

**No-Eyes® Digital Keypad Combination**

**Three-Number Combination**

**Key-Only Lock**

### [ NO-EYES® KEYPAD FEATURES ]

- Audio and LED low-battery warning
- Built in computer blocks access after repeated invalid entries on digital models
- Mute function to disable the keypad sound
- Tamper indicator alerts invalid entry attempts! (on Deluxe models)

## NATURAL DISASTER

### [ LOYAL CUSTOMERS ]

• “Upon exiting the storm shelter I saw that the roof of my home was gone. Our bedroom was destroyed and my GunVault® was still resting on the nightstand containing our firearms and some valuables.

-Jeff H, Kokomo, IN

• “I am a NRA Firearms Instructor and have suggested GunVault® to students for years. This is a perfect example as to why I will continue to promote GunVault®.”

-Robert Brian H, Frankfort, KY

**APPROVED**

**CALIFORNIA  
DEPARTMENT  
OF JUSTICE**

## CALIFORNIA DOJ APPROVED

*The California Department of Justice is the standard for all other states when it comes to the regulatory standards required to store a handgun. GunVault's products exceed these standards to give you peace of mind when securing your handgun or other possessions.*

# STRONG

## PROVEN PRY-RESISTANT CONSTRUCTION

With heavy-gauge steel construction, precise fittings and high-strength lock mechanisms, **GunVault®** products exceed the **California Department of Justice** regulatory standards for storing handguns—the toughest in the industry. When you're looking for unmatched security, that's a big stamp of approval. Our patented locks put us above the rest.

**GunVault®** safes are constructed with heavy gauge steel with tamper resistant doors. Many of our safes also feature biometric

fingerprint recognition technology for added security. Our safes aim to give you the confidence of the highest quality features with the assurance that if something happens to your safe, you will be covered. We know that a quality safe is an investment that should last, and we're committed to helping you keep your firearms and personal valuables secure.

**FIRE • BURGLARY**

**YOU'RE COVERED!!!**

We provide an **exclusive 5 year warranty** on our safes to give you the peace of mind of the highest quality gun safe to secure your most valuable

possessions. A well-built safe should never fail when you need it most. This is why we cover the two most common causes of safe damage—fire and burglary.

# SMART

THE ULTIMATE IN BIOMETRIC TECHNOLOGY

**GunVault®** biometrics are backed by 20 years of experience and innovation—the best in the industry. Patented **GunVault Bio®** technology is driven by a high-performance algorithm for unrivaled fingerprint matching accuracy. With the ability to learn the unique characteristics of up to 120

fingerprints, this technology refines its precision with every repeated scan, making it smarter over time. As a result, **GunVault Bio®** technology has remarkably low false acceptance rates (FAR) and false rejection rates (FRR)—so your valuables are only accessed by the people you trust.

## 3-AND-REPEAT™ PROGRAMMING

*GunVault® makes biometric setup simple with 3-and-Repeat™ programming. Just follow the three steps below, and repeat the swipe (steps 2 and 3) until you hear two beeps.*

### 1 PUSH

Push the "Learn" button

### 2 PLACE

Place your finger flat at the top of the finger guide

### 3 SWIPE

Swipe or scan your entire finger tip over the scanner

## GUNVAULT® ADVANTAGES vs OTHER SYSTEMS

Compared to other access systems, **GunVault Bio®** provides an unsurpassed level of security, reliability and convenience:

### GunVault® Technologies vs Competitors Technologies

- **GV:** No card to carry or bracelet to wear
- **GV:** Not susceptible to hacking

- **RFID:** Easily misplace your RFID reader
- **RFID:** Children can easily pick up RFID reader

### GunVault® Biometrics vs Competitors Biometrics

- **GV:** Learns up to 120 fingerprints
- **GV:** Lower false acceptance rates (FAR)

- **RFID:** Learns only 1-10 fingerprints
- **RFID:** Higher false acceptance rates (FAR)

**IN THE HOME OR OFFICE**

## **Loyal Customer**

*"This product saved my life. I believe any other product out there would have taken me longer to access my weapon."*

*Peter J.  
San Bernardino, CA*

# SPEEDVAULT®

## SVB 500 BIOMETRIC

## SV 500 STANDARD

### DROP-DOWN DESIGN QUICK-DRAW ACCESS

Thanks to a revolutionary design that fits handgun sizes up to a full-frame pistol, the discreet SpeedVault® keeps you armed for action when every second counts.

#### [ FEATURES ]

- Up to 120 fingerprints on Bio version
- Tamper-resistant door
- Audio and LED low-battery warning
- Fast activation drop-down drawer
- Backup override key
- 18-gauge steel construction

#### > SECURITY TIP CONSISTENCY

If you have multiple GunVaults, be consistent with how you open them. If you use biometric access, do that for all your GunVaults. If you prefer a digital keypad, use one access code. This will avoid confusion and provide faster access when you need it.
